Laughing Stock Farm is a family farm run by Lisa and Ralph Turner. We have been selling certified organic vegetables and flowers for 13 years.

We invite you to join our CSA—enjoy nearly as many vegetable choices every week as at the farmers’ market, all at our wholesale prices. Choice and savings!

Get the same vegetables that are served at many of Portland’s finest restaurants, all at the same prices they pay.

Enjoy picking your own flowers and herbs—everything else is picked for you, so it’s less work for you.

Purchase other products from our farming friends—local, natural beef, pork, chicken, cheese, goat cheese, fruit, eggs, and locally roasted coffee.

Get priority in signing up for our popular Winter CSA Shares.

How Does It Work?

- Pickup is Thursday afternoon from 2 to 7 pm. You get choices as you bag your vegetables
- As early in the season as possible, you will have choices like “choose 4 of these 7 vegetables.”
- We don’t deliver, but we will help you organize pickup groups so you can share the trips to the farm with people you live near. You get to visit “your farm” a few times and avoid delivery fees.
